"Increasing sorghum utilization and marketability through food product diversification in the ECA region"
WITH FUNDING FROM: ASSOCIATION FOR STRENGTHENING AGRICULTURAL RESEARCH IN EAST AND CENTRAL AFRICA (ASARECA)

PROJECT OBJECTIVES:
General objective
Product diversification and value addition technologies promoted for increased utilization and marketing of sorghum in ECA.
Specific objectives
• To conduct a baseline survey in the major sorghum growing areas to investigate consumer and market preferences for sorghum.
• To conduct grain quality evaluation for sorghum varieties from improved, farmers' varieties and land races.
• To increase sorghum seed from good quality food sorghum varieties for food product processing and for regional adaptability evaluation trials.
• To develop and evaluate product recipes and processing technologies for new marketable products.
• To develop, evaluate and disseminate knowledge sharing and communication products (KSCPs) as a strategy for up-scaling
Expected impact
Increased incomes since the market for sorghum will improve due to increased utilization of sorghum grain resulting from increased processing and preparation of various sorghum food products.

First Aid Tips

TIP

The seven steps of first aid

- ✚ Assess the situation: Evaluate the injured person's condition
- ✚ Provide basic first aid procedures:
- ✚ Provide comfort and reassurance: A calm and supportive presence can help reduce anxiety and pain
- ✚ Hand over to professional medical help: Communicate effectively with emergency services
- ✚ Check for danger: If a person has been harmed during an accident, the first thing you have to do is check for danger
- ✚ Response: Check for responsiveness, breathing, life-threatening bleeding or other life-threatening conditions

BANNER PEN!

For your End of
Year give-aways,
Forget the rest
Get the best
The banner pen!

Why?

- It tells your story through the retractable two sided banner.
- A banner pen never gets lost.
- Its the perfect gift.
- A single pen will pass through at least 10 people.

And so you give your clients and staff end of year gifts and presents this time, crown it up with a banner pen. Unlike all the other promotional items like calendars and diaries, the banner pen will change hands at least 10 times therefore reaching at least 10 people. Procrastinate later, place your order now, and let the banner pen talk for you.

Call now and place your order!

Useful information in Kenya

Health

Malaria is common in Kenya, so it's recommended to take anti-malarial medication. Mosquito nets are available in most hotel rooms. You should also bring sunscreen, protective clothing, and footwear.

Road travel

Road conditions vary across the country, and driving at night can be dangerous. Major highways are usually in good condition, but minor roads are poorly maintained. You should drive defensively and be aware of your surroundings.

National parks

Crime can occur in Kenya's national parks and conservation areas, but it's usually not serious. You should get local advice on security risks, park fees, and other conditions before you travel. You should also respect local wildlife laws and maintain a safe distance when observing wildlife.

Time zone

Kenya is 3 hours ahead of GMT and does not observe daylight savings.

Coffee

Kenya's coffee is considered to be one of the best in the world. It's the country's most valuable export.

Lakes

Lake Victoria is the largest lake in Africa and the second largest freshwater body in the world. Lake Rudolf is the largest of the country's Rift Valley lakes

ALBAIT TRAINING INSTITUTE

Certificate in Graphic Design Course in Kenya

The Certificate in Graphic Design program is a comprehensive training program designed to equip individuals with the skills and knowledge needed to excel in the field of graphic design. This program focuses on teaching the fundamental principles of design, software proficiency, and creative problem-solving to create visually compelling and effective designs.

Course	Duration	Cost (Ksh)
Photoshop	4 weeks	5000
Illustrator	4 weeks	5000
CorelDRAW	4 weeks	5000
Indesign	4 weeks	5000

Program Objectives:

- ◆ Develop a strong foundation in graphic design principles and techniques.
- ◆ Acquire hands-on experience with Photoshop, Illustrator, and CorelDRAW.
- ◆ Create a professional portfolio showcasing your diverse design skills.
- ◆ Gain insight into industry best practices and design trends.
